Introducing Molten Muse

A soulful celebration of fire, copper, and glass. In this limited-edition collection, Leafbud collaborates with master artisans to bring alive an age-old technique of copper-glass fusion.

The process begins with delicate copper wire designs handcrafted onto copper bases—ranging from wall plates (round and square) to incense holders, key holders, and tea light sets. Next, skilled hands layer fine coloured glass powders using a brush and water, infusing each piece with depth and emotion. Finally, the piece is placed on a blazing stove, where intense heat fuses the wire and melts the glass, creating rich textures and brilliant colourways permanently etched onto the copper. Each design is a one-of-a-kind expression—no two pieces are ever the same. Crafted with care and tradition,

the Molten Muse collection is a radiant blend of craftsmanship, imperfection, and artistry—perfect for thoughtful gifting or elevating your home with a warm, iridescent charm.
